SHOWPIECE AQUARIUMS CUSTOM MADE FOR YOU

Here at Shipwreck Cove Custom Aquariums (SCCA) design is our passion, and nowhere is that displayed better than in our Showpiece Aquarium design service. We believe aquariums to be a living work of art, each one unique, beautiful and perfectly functional and our Showpiece Aquariums take our artistic expertise to the next level. When you want something truly out of this world as the focal point of your interior design, look no farther than SCCA for your new custom designed Showpiece Aquarium.

Our professional aquatic design staff work closely with you to ensure your new system is made specifically with you in mind. Your new custom aquarium systems is built to order, according to your specific space requirements and completed with the right combination of lighting, filtration, and flow for your specific livestock choices to thrive. Our design and construction teams consist of expert aquarium designers, expert aquarist, custom home builders, design architects, interior decorators, and general contractors to ensure your new aquarium installation will be of the highest quality possible. For your custom aquarium design quote, contact our design staff to set up an appointment.

SCCA specializes in providing **green choices** when it comes to outfitting your new tank. With a wide selection of realistic looking artificial reefs, rockscapes, and aquascapes you can ensure your fish have a beautiful home without the maintenance and lighting requirements of real corals. We also are proud to offer farm-raised fishes, invertebrates, corals, and live plants, all from verified aquaculturists and fish farms. With SCCA you can finally be an aquarium enthusiast without the guilt of removing specimens from the world's fragile reef systems. We look forward to helping you preserve a piece of the reef.
